

# 2018 MÜ ST International Songwriting Camp

- Build a co-working and learning environment where music writers from around the world gather, without the barriers of experience, language, or age.
- Broaden the horizons of local writers, tighten their connection with each other, and further revitalize the power of creativity.
- Provide an international platform for local and foreign writers to exchange thoughts and team up, with the goal to create innovative musical works.
- Expand international exposure of Taiwanese musical works via circulation of the demos; expect to produce more 60-70 original songs for the use of third parties.
- In addition to team work, participating writers are free to create songs for their business partners or sponsors; anticipate continued partnership opportunities afterwards.
- Promote the concepts of copyright during the process; regulate the share rate of each work once each team finalized their works.
- Have received inquiries about the Camp's 2018 edition from local and foreign writers thanks to the success of the 2017 Songwriting Camp.

I can't even fully describe how amazing this **songwriting camp** in Taiwan has been. I learned so much and had the pleasure and privilege of working with some of the most talented music creators in the world. I am beyond grateful to have spent the week with friends I'm sure I'll have for life. I'll never forget this experience. I can't wait to see you all again! If missed anyone, please tag them. ❤️❤️❤️
